## 2008 Wedding and special event cakes

At Sweet., we believe that you should spend your time dreaming and designing your cake, not trying to figure out a price sheet. Therefore, we've gone to fixed priced wedding cakes in two categories, custom and semi-custom. More value, more choices. We also believe a cake should be moist and delicious, as well as beautiful. Just ask the thousands of Maryland brides we've satisfied over the past 50 years.
